Limestone

Limestone pavers offer the enduring elegance of natural stone, meticulously quarried and crafted to enhance your outdoor space. Formed over millions of years through the gradual accumulation of marine fossils and minerals, limestone boasts a unique character unmatched by man-made materials.

Limestone Pool Coping Edge Profiles

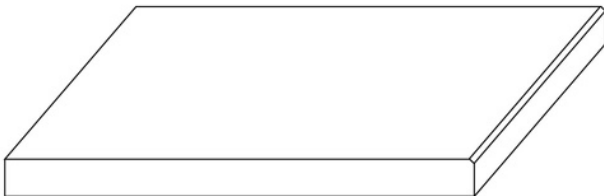

Here are few of the popular pool coping styles we stock: Drop Face Pool Coping, Bullnose Pool Coping & Tumbled Edge Pool Coping.

Drop Face Pool Coping

This style creates a thick, bold frame around your pool, perfect for achieving a super-modern look. The drop face coping comes as a single, solid stone piece, eliminating any joints.

Tumbled Edge Pool Coping

Tumbled edge coping offers a natural look for your pool with its gently rounded edges both top & bottom. This finish provides a comfortable and safe surface compared to sharp corners.

Bullnose Pool Coping

Featuring a smooth, rounded edge, bullnose coping is ideal for curved or kidney-shaped pools. It emphasizes a traditional aesthetic and complements character-style homes.
