Sandstone

Crafted by nature over millions of years, our sandstone pavers are more than just a building material; they're an enduring expression of timeless beauty. Formed from compressed sand and mineral deposits, each paver boasts a unique character and subtle variations in texture and color.

Sandstone Pool Coping Edge Profiles

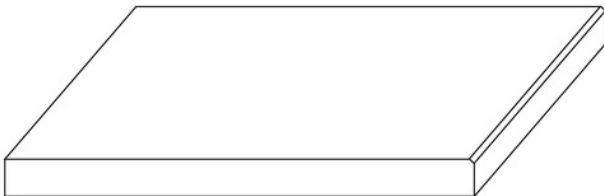

Here are few of the popular pool coping styles we stock: Drop Face Pool Coping, Bullnose Pool Coping & Square Edge Pool Coping.

Drop Face Pool Coping

This style creates a thick, bold frame around your pool, perfect for achieving a super-modern look. The drop face coping comes as a single, solid stone piece, eliminating any joints.

Square Edge Pool Coping

Square edge coping is particularly useful for sawn pavers, as it softens their otherwise sharp edges for poolside safety. Both the top and the bottom have a small bevel edge.

Bullnose Pool Coping

Featuring a smooth, rounded edge, bullnose coping is ideal for curved or kidney-shaped pools. It emphasizes a traditional aesthetic and complements character-style homes.

If you're considering crazy paving for your pool area, finding an expert installer is crucial. For those interested in crazy paving during pool installation, we're here to help! Our master stonemason can assist you throughout the process.

Sandstone Pavers Pool Coping
