Wall Cladding

Wall cladding is versatile for creating standout feature walls indoors and outdoors, suitable for pool features, fireplaces, mailboxes, and more. Options include stackstone lightweight cladding, ledgerstone wall cladding, and loose stone wall cladding.

STACKSTONE - 3D LIGHT WEIGHT WALL CLADDING

Our 3D lightweight stackstone offers a simple, yet elegant solution for creating a stunning wall feature. The stackstone pieces are designed as flats and corner pieces, allowing for easy installation by anyone. Whether you are looking to add a touch of sophistication to your interior space or enhance the exterior of your home, our stackstone collection provides a versatile and stylish option. With its lightweight design, you can easily transform any wall into a beautiful focal point.

LOOSE LEDGESTONE CLADDING

Loose wall claddings come in various pieces and are often used to add a decorative touch to a space. Whether it's for interior or exterior walls, loose wall claddings can be a versatile option to enhance the aesthetics of a room. Installing loose wall claddings requires attention to detail and proper adherence to ensure a secure and visually pleasing result. Remember to consider factors such as texture, colour, and pattern to create a cohesive and inviting atmosphere in your living or working space.
